The new Golf GTI

The new Golf GTI with optional 18" 'Monza II' alloy wheels and Xenon headlights.

GTI. The legend is reborn.

The long awaited new Golf GTI has arrived. Continuing a tradition that began in 1976 when the legend was born, the new Golf GTI focuses on the same pure qualities and principles as the original – class leading performance, dynamic handling and sheer driving enjoyment. Now taking a huge evolutionary step forward, the new Golf GTI offers a host of refinements and technological advances, redefining the GTI to deliver new levels of energy, excitement and exhilaration.

The new Golf GTI with optional Xenon headlights.

modestly priced at £19,995

The badge says it all.

As soon as you set your eyes on the new Golf GTI, you'll feel a stirring within. Could it be the wide track, lowered sports suspension and 17" 'Monza' alloy wheels that have set your pulse racing? Maybe the rear roof spoiler and GTI styling with its deep front spoiler and unique honeycomb front air intake? Step back, take a deep breath, your journey is about to begin.

The new Golf GTI 200 PS auto DSG with optional leather upholstery and dash-mounted radio/6 CD autochanger*.

The excitement builds as you step inside.

Interior specification is everything if you're driving a GTI, and here the new generation Golf GTI will not disappoint. Settle into the deep front sports seats with height and lumbar adjustment, hold onto the race-inspired leather sports steering wheel and feel the excitement begin to build. The specially designed aluminium gear knob and racing pedals make it unmistakably clear you're sitting in a GTI, while the quality of the standard 'Interlagos' cloth, or optional leather upholstery, and brushed aluminium instrument surrounds reinforce the feeling that this is no ordinary car.

* Certain options will not be available from launch. Please contact your Volkswagen retailer for full details.

The ultimate driving experience.

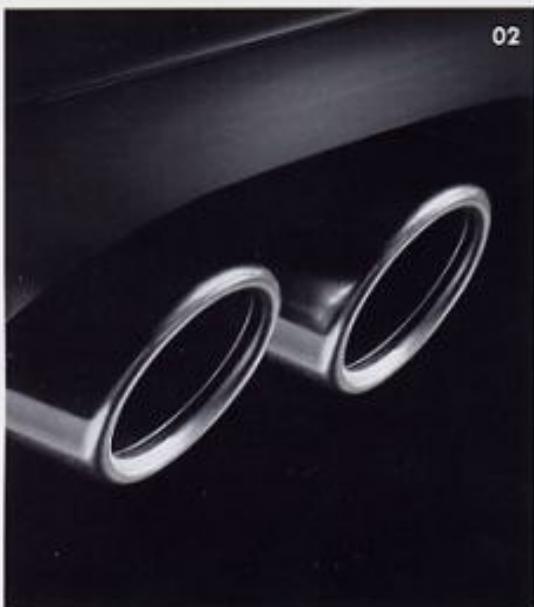

If the original was breathtaking, the new Golf GTI is literally mind-blowing. Committed to a tradition of pure driving enjoyment, this new generation GTI carries the legacy of sports performance to unprecedented levels.

The new Golf GTI is powered by a new 16-valve direct injection 2.0 litre FSI turbocharged unit which develops a phenomenal 200 PS at just 5,100 rpm and a hefty 280 Nm of torque from only 1,800 rpm. The FSI technology utilised in the new GTI engine provides a double-edged advantage – power and economy. FSI has taken the petrol engine to a new level of efficiency. It works by injecting fuel directly into the combustion chamber under high pressure. The benefit of this method – it only burns the exact amount of fuel required.

The new engine is linked to either a slick six speed manual gearbox or the new DSG automatic which offers a genuine alternative to a manual. The DSG gearbox is able to change gear faster than a manual and more smoothly than a standard automatic, but with performance and fuel economy figures comparable to the manual.

This means that the GTI 200 PS auto DSG will reach 62 mph from standstill in just 6.9 seconds and go on to a very respectable top speed of 145 mph, where the law permits, whilst returning exceptional fuel consumption figures.

- 01 The revolutionary new DSG gearbox provides the best of both worlds, super smooth and extremely fast gear changes with performance and economy figures comparable to the manual.
- 02 Twin exhaust tailpipes hint at the sporting intent of the new Golf GTI.
- 03 The standard 2Zone electronic climate control allows the driver and front passenger to maintain chosen temperature settings up to a difference of 4°C. The heated front seats form part of the Winter pack or the leather upholstery option.

Outstanding safety.

With outstanding performance comes a requirement for outstanding safety and here the new Golf GTI excels. To start with, the body is laser-welded to provide immense strength, resulting in a structure which can absorb extremely high impact energy and protect the driver and passengers within an inner safety cell. There are a total of six airbags: two front airbags, two front seat side impact airbags and two curtain airbags. In addition, there are three-point seat belts for all seats and driver's and passenger's front seat active head restraints which help minimise whiplash injuries in the event of an impact from the rear.

The new Golf GTI with optional Xenon headlights.

Active safety features are those which can help you avoid an accident in the first place and the new Golf GTI has several key examples – Traction Control (ASR) can help to avoid wheel spin in slippery conditions and a sensor-controlled Electronic Stabilisation Programme (ESP) detects critical situations at an early stage and takes action by braking individual wheels and reducing the engine's output, helping to keep the vehicle under control. ESP is supported by an Anti-lock Braking System (ABS) and Hydraulic Brake Assist (HBA) which recognises an emergency braking situation and increases the braking effort.

These new generation safety features have produced one of the safest cars on the road. No wonder the new Golf GTI has been awarded a five star NCAP safety rating.

- 01 The leather rimmed three-spoke steering wheel hints at the GTI's sporting intent, the GTI badging confirms it. The radio/6 CD autochanger* and heated front seats are optional at extra cost.
- 02 The standard radio/CD player comes with ten speakers – six front and four rear – for near perfect acoustics.
- 03 The front grille mounted chrome GTI badge: proof you're driving an original.
- 04 The deep front spoiler with integrated fog lights enhance the sporty exterior.
- 05 Standard 17" 'Monza' alloy wheels with low profile tyres give the new Golf GTI a purposeful stance.

You're driving an original.

There will always be the original, and there will always be pretenders. If you're driving the new Golf GTI, let there be no doubt in your mind – this is the genuine article, the new generation GTI, based on the original philosophy and produced to the same legendary build quality. What greater thrill could you ask for than seeing the gleaming chrome GTI badge proudly mounted on the front grille? Guaranteed to send a shiver down your spine, the message is clear – the original GTI is back.

Optional equipment.

Life is all about choices and making your mark on the world. So why not choose from a host of optional equipment and give a touch of individuality to your new Golf GTI? For example, choose from sumptuous 'Vienna' leather upholstery*, Xenon headlights, satellite navigation, electric glass sunroof, parking sensor or Winter pack. You could even increase the size of the alloy wheels to 18" 'Monza II' for extra presence on the road. It's time to make some decisions.

- * Generally all parts of leather upholstery in direct contact with the driver or passengers are leather, all other areas may contain leatherette.

01

- 01 The leather upholstery* option includes ergonomically designed leather sports seats with height and lumbar adjustment. Not only do they provide firm lateral support, they are stylish, extremely durable and easy to clean.
- 02 Included in the leather upholstery* option are heated front sports seats with five preset temperature settings to provide year-round comfort.
- 03 The radio/navigation system not only delivers perfect sound quality, it also guides you to your destination. A 6½" multifunction colour display shows a map of your route along with important information on time and distances. In addition, audible directions can be broadcast allowing you to concentrate on the road ahead.

02

03

01

02

03

- 01 Headlight washers are optional as part of the Winter pack which also includes electrically heated front seats, heated windscreen washer jets and washer fluid low level warning light. You can also opt for a Winter pack in conjunction with leather upholstery.
- 02 Optional Xenon headlights for clearer, brighter illumination.
- 03 The optional 18" 'Monza II' alloy wheels with low profile 225/40 R18 tyres give the new Golf GTI incredible presence.

GTI. A genuine classic.

It goes without saying that the new Golf GTI is built to the highest quality standards. You can feel it as you touch the sumptuous materials of the interior. You can hear it in the satisfying clunk as you shut the doors. And you can see it a year after you've bought it, when it still looks as good as the day you first drove it. That's the test of a genuine sports classic. Naturally, there's only one way to experience it, and that's in the driving seat on the open road. Be prepared, though. Once you've driven the original, nothing else will compare.

(*) Metallic paint, Pearl Effect paint and leather upholstery are optional at extra cost.

(*) Generally all parts of leather upholstery in direct contact with the driver or passengers are leather, all other areas may contain leatherette.

(*) With Beige (TH) the interior trim and roof lining are colour co-ordinated to the upholstery colour.

Standard equipment.

Volkswagen service

- 3-year/60,000 miles warranty*
- 3-year paintwork warranty
- 12-year body protection warranty
- LongLife Servicing
- Volkswagen Assistance

Exterior

- Alloy wheels, four 7xJ x 17 'Monza' with 225/45 R17 tyres and anti-theft wheel bolts
- Body-coloured bumper strips
- Body-coloured door mirrors with integrated indicators
- Body-coloured side bump strips and door handles
- Chrome, twin exhaust tailpipe
- Front fog lights
- GTI styling pack – front and rear bumpers, uniquely shaped with honeycomb front air intake
- Halogen clear headlights
- Heat insulating blue tinted glass
- Roof spoiler, rear

Interior

- Aluminium gear knob
- Aluminium pedals – clutch, brake, accelerator and footrests
- Brushed aluminium instrument surrounds with GTI logo
- Carpet mats, front and rear
- Cup holders, front x 2, rear x 1 (for up to 1.0 litre bottle)
- Front footwell illumination
- Front sport seats with height and lumbar adjustment
- Grab handles, front x 2, rear x 2 with integrated coat hooks
- Leather rimmed three-spoke steering wheel with GTI logo
- Leather gear lever gaiter and handbrake grip
- Load-through provision
- Storage compartment in roof console and rear doors
- Upholstery – 'Interlagos' cloth

Function

- Alarm with interior protection
- Automatic coming/leaving home lighting function
- Dusk sensor, automatic driving lights
- Dust and pollen filter
- Easy entry sliding seats (access to rear seats – 3 door only)
- Electrically heated and adjustable door mirrors
- Electric windows, front and rear (rear on 5 door only)
- Exterior temperature gauge

Function (continued)

- Front seat back storage pockets
- Glovebox, illuminated and lockable
- Height and reach adjustable steering wheel
- Instrument lighting, blue adjustable panel illumination
- Interior light delay
- Luggage compartment cover
- Luggage compartment light
- Luggage net under rear parcel shelf
- Multifunction computer (Midline)
- Power-assisted steering, speed-sensitive
- Radio/CD player with 10 speakers, 6 front, 4 rear
- Rain sensor and automatic dimming interior rear-view mirror
- Reading lights, chrome surrounds, independent front and rear
- Rear screen wash/wipe with intermittent wipe
- Remote central locking with 2 remote folding keys
- Remote interior fuel flap opener
- Speedo and rev counter, electronic odometer, trip, service interval display and fuel gauge
- Split folding rear seats
- Steel space-saver spare wheel
- Sports suspension, lowered by approx. 15 mm
- Two-tone horn
- Vanity mirrors
- Warning buzzer and light for front seat belts if unfastened
- Warning 'lights on' buzzer
- Windscreen wiper with intermittent wipe and 4 position delay
- 2Zone electronic climate control
- 12V socket in luggage compartment

Safety

- ABS (Anti-lock Braking System) with HBA (Hydraulic Brake Assist)
- Curtain airbag system, for front and rear passengers
- Disc brakes, front and rear (front ventilated), with red calipers
- Driver's and front passenger's active head restraints
- Driver's and front passenger's airbags with passenger's airbag deactivation switch
- Electronic engine immobiliser
- ESP (Electronic Stabilisation Programme) including EDL (Electronic Differential Lock)
- Front seat side impact airbags
- Front three-point seat belts with height adjustment
- Isofix child seat preparation (for 2 rear child seats)
- Reflectors in the front doors
- 3 rear head restraints
- 3 rear three-point seat belts

	Rear	900	900
Trailer load limits, kgs ⁰³	Braked 12% incline	1400	1400
	Unbraked	700	710
Performance	Top speed, mph (km/h) ⁰⁴	146 (235)	145 (233)
	Acceleration, secs 0 - 62 mph	7.2	6.9
	ABI insurance group	17	17
Environmental information	Fuel grade, minimum	Unleaded, 95 RON ⁰⁵	Unleaded, 95 RON ⁰⁵
	Fuel tank capacity, gallons/ltrs	12.1/55	12.1/55
	Official fuel consumption ⁰⁶ , mpg/ltr per 100 km ⁰⁶		
	Urban	25.4/11.1	26.2/10.8
	Extra-urban	44.8/6.3	44.8/6.3
	Combined	34.9/8.1	35.3/8.0
	Official CO ₂ emission, g/km ⁰⁷	194	192
	Emission class	EURO 4	EURO 4
	Noise, dB	75	74
Maximum luggage capacity, cu.ft (litres) ⁰⁸	With rear seat upright	12.4 (350)	12.4 (350)
	With rear seat folded	46.1 (1305)	46.1 (1305)
<p>⁰¹ The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.039.</p> <p>⁰² Figures are calculated in accordance with manufacturer's criteria. Vehicle unladen weight ranges with 90% tank capacity without driver. The individual unladen weight depends on the specification of the vehicle; this then reduces the possible payload accordingly.</p> <p>⁰³ With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.</p> <p>⁰⁴ Where the law permits.</p> <p>⁰⁵ Thanks to the knock control, unleaded four star (at least 95 RON) can be used instead of unleaded Super plus. In order to achieve maximum fuel consumption benefits on the FSI engine, Ultra Low Sulphur Petrol (ULSP) must be used.</p>			
<p>⁰⁶ Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.</p> <p>⁰⁷ The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. The CO₂ figure quoted for each vehicle is the maximum possible. The unladen weight of the vehicle is calculated by range at the time of manufacture and the maximum possible CO₂ emission for that weight range is applied according to the Council Directive 80/1268EEC as amended by Commission Directive 1999/100/EC on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.</p> <p>⁰⁸ VDA measuring method using 200 x 100 x 50 mm blocks.</p>			
<p>* The warranty for Volkswagen cars purchased in the UK through an authorised Volkswagen retailer consists of a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is sooner) retailer warranty.</p>			
<p>† Please note these figures are not UK homologated figures and are subject to change.</p>
