

Mio DigiWalker™ C310x

Pocket-Sized Navigation System

Mio DigiWalker™ C310x

Whether you're heading across town or across the country, the Mio DigiWalker™ C310x is the perfect travel companion. A stylish, pocket sized device combining GPS based portable navigation with a full featured MP3 audio player, the C310x makes it easy to get where you're going.

High performance meets high fashion

One of the most striking features of the C310x is the stylish design, which invites you to take the device with you no matter where you're going. Completely self contained and ultra portable, the C310x slips easily into pocket or purse and truly adds a new dimension to the concept of portable navigation.

Form and function join together to redefine portable navigation.

Ready when you are

The C310x comes complete with preloaded maps of the entire US (Alaska & Hawaii included) to make sure that you're up and running right away.

Rock and Roll for the road

To make sure your road trips are complete, the C310x also features a full featured MP3 player. Great for listening to your favorite albums while you're on the road (or on the plane before you get on the road) the C310x MP3 player boasts a number of customized EQ settings, a built in speaker and a 3.5mm headphone jack. And for the ultimate in convenience, the Mio DigiWalker™ C310x also features an integrated SD memory card slot so it's easy to carry your entire music collection with you.

It's where you're going.
