

READ FITTING INSTRUCTIONS IN FULL BEFORE INSTALLATION

This article is sold without warranty expressed or implied. No warranty or representation is made as to this product's ability to protect the user from injury or death. The user assumes that risk. The effectiveness, warranty and longevity of this equipment are directly related to the manner in which it is INSTALLED, USED, and/or MAINTAINED. THE USER ASSUMES THE RISK.

By purchasing this product and opening the packaging, purchasers expressly acknowledge, understand and agree that they take, select and purchase these SECTOR 111 products from SECTOR 111, its affiliates, distributors, and agents (collectively, SECTOR 111) "as is" and "with all faults".

The entire risk as to the quality and performance of these SECTOR 111 parts is with the purchasers. Working on your car can be a dangerous activity. If you are unsure of what you are doing, please leave mechanical or Safety critical work to a skilled mechanic.

We take no responsibility for the incorrect use and/or installation of SECTOR 111 products.

Fire Extinguisher Kit-Installation instructions

Included in kit:

- Safecraft fire extinguisher
- Safecraft fire extinguisher mounting bracket w/ pin
- Sector111 Universal fire extinguisher bracket
- 2 M8 flat metric washers for seat rail bracket
- 2 ¼" Button socket cap screws for fire extinguisher mount

1. Remove mounting bracket from fire extinguisher by releasing pin.
2. Attach fire extinguisher bracket to seat rail bracket using supplied bolts. Tallest portion of fire extinguisher bracket should line up with edge of seat rail bracket (so pin is facing away from the passenger seat). Rubber cushion side should be facing away from mounting bracket.
3. Remove both 5mm Allen bolts securing passenger seat on front.
4. Attach seat rail bracket on top of seat rails and secure with 5mm Allen bolts and supplied washers.
5. Reattach fire extinguisher to bracket with pin. The head should face the center console.
