Pennzoil Platinum® Euro with PurePlus™ Technology is a first of its kind full synthetic motor oil made from natural gas and designed for COMPLETE PROTECTION.

**PERFORMANCE, FEATURES & BENEFITS**

PurePlus™ Technology is our patented, revolutionary gas-to-liquid process which converts natural gas into a first-of-its-kind extremely high quality full synthetic base oil. Because our base oil is made from natural gas, it is crystal clear with fewer of the impurities found in crude oil, the start for many other traditional & synthetic motor oils. From that pure, clear base we add our high performance additives to create Pennzoil Platinum® Euro with PurePlus™ Technology, motor oil designed for COMPLETE PROTECTION, without compromise.

**CLEANER PISTONS**

Helps keep pistons cleaner than required by the toughest industry standard.

**BETTER FUEL ECONOMY**

Drive on average an extra 550 miles vs. a dirty engine.¹

**PROTECTS HORSEPOWER**

Helps protect engines from loss of power.

**UNSURPASSED WEAR PROTECTION**

No other leading motor oil provides better protection from friction.²

**EXCELLENT PERFORMANCE IN EXTREME TEMPERATURES**

Provides faster low temperature oil flow and protects in extreme heat.

1 Fuel economy measurements made using CAFE cycle under FTP75. Avg of 550 extra miles based on mixed city/highway miles and US avg of 13,476 miles driven per year with 4.1% better MPG vs dirty engine. Source: fhwa.dot.gov,2011. Follow OEM recommended oil drain intervals

2 Based on Sequence IVA wear test using SAE 5W-30.
