This interim notification letter applies to your vehicle (VIN: xxxxxxxxxxxxxxxxx).

This interim notification letter is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Dear: (Name)

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain **2013 and 2014 model year Dodge Viper vehicles**.

***The problem is...***      **The right and/or left side door handle switch on your vehicle may short out when exposed to moisture. A shorted out door handle switch may cause the door latch to activate the unlatch function and cause unintended driver and/or passenger door opening while driving at speeds up to 18 miles per hour (mph). An unexpected door open while driving could cause a driver distraction, an unsafe driving situation and/or a crash without warning under certain driving conditions.**

***What your dealer will do...***      **FCA intends to repair your vehicle free of charge. However, the parts required to provide a permanent remedy for this condition are currently not available. FCA is making every effort to obtain these parts as quickly as possible. FCA will contact you again by mail, with a follow-up recall notice, when the remedy parts are available.**

***What you must do to ensure your safety...***      **Once you receive your follow-up notice in the mail, simply **contact your Chrysler, Jeep or Dodge dealer** right away to schedule a service appointment.**
