This car was a trade-in and is in GREAT SHAPE! These cars are getting Very hard to find these days! 30+ MPG!

NOTE: The previous owner told me the car has had the odometer replaced a few years ago but, it is very close to being the same mileage- although, I'll need to sell it as true miles unknown.

THE CAR RUNS GREAT!

Motor / Transmission:

The 6cyl 2.7L runs MINT. The car has always been serviced at Bavarian Entp. in Harrisburg,PA. The previous owner had the timing belt, water pump, & tensioner done last summer, oil was just changed, car has a new PA inspection and emission stickers, we didn't even clean the car!! Engine runs great, transmission shifts fine, COLD A/C...everything works fine, NO Motor / transmission issues at all. The only thing I can "pick on" is the shifter is a little sloppy (needs new washers) and it has the typical "e" surge when pulling out...its very minor!

Exterior:

The car has BRAND NEW Tires, very clean BBS rims, still has the orig."es" airdam with fog lights- the lower air dam has a few cracks in the plastic but, not bad... The car does appear to have been repainted but, its a nice job and its the orig. color. There is no rust to be seen, car is very solid. The windsheild has some minor scratches on the pass side (scraping ice?)

Suspension:

The car handles fine at 80+ mph! No shimmy and drives fine.

Interior:

The tan LEATHER SPORT interior is VERY NICE, Radio works but, volume knob has some dust in it and cracks at first. The dash has a bunch of cracks, the drivers door seal is ripped (you can hear a little wind) and someone tried to add a piece and didn't do a very nice job...the OBC works fine, the car ALSO has the RARE "lighted" rear-view mirror! Its just a nice car for being a 1986!

Overall:

Overall, its a VERY nice car. Car runs and drives great! Come look at it TODAY!
