**Subject: Alarm Sounds If Trailer Wiring Is Disconnected After  
Anti-Theft Alarm Is Activated**

**Group: 57**

**Number: 03-02**

**Model(s): Touareg With Towing Accessory  
Package**

**2004**

**Date: Sept. 11, 2003**

---

## Condition

If trailer wiring is disconnected after the anti-theft alarm is activated, the alarm will sound.

Occurs if following conditions are met:

- Trailer wiring connected
- Vehicle anti-theft alarm activated

## Service

Condition is normal, no action is required.

- ◆ Alarm can be reset using normal function of the (folding) main key with radio remote control.
