WARRANTY INFORMATION

124 SPIDER

VEHICLES SOLD IN CANADA

With respect to any Vehicles Sold in Canada, the name FCA US LLC shall be deemed to be deleted and the name FCA Canada Inc. used in substitution therefore.

DRIVING AND ALCOHOL

Drunken driving is one of the most frequent causes of accidents.

Your driving ability can be seriously impaired with blood alcohol levels far below the legal minimum. If you are drinking, don't drive. Ride with a designated non-drinking driver, call a cab, a friend, or use public transportation.

WARNING!

Driving after drinking can lead to an accident. Your perceptions are less sharp, your reflexes are slower, and your judgment is impaired when you have been drinking. Never drink and then drive.

This manual illustrates and describes the operation of features and equipment that are either standard or optional on this vehicle. This manual may also include a description of features and equipment that are no longer available or were not ordered on this vehicle. Please disregard any features and equipment described in this manual that are not on this vehicle.

FCA US LLC reserves the right to make changes in design and specifications, and/or make additions to or improvements to its products without imposing any obligation upon itself to install them on products previously manufactured.

1. Your Legal Rights Under These Limited Warranties

The warranties contained in this booklet are the only express warranties that FCA US LLC ("FCA US") makes for your vehicle. **These warranties give you specific legal rights. You may also have other rights that vary from state to state.** For example, you may have some implied warranties, depending on the state where your vehicle was sold or is registered.

These implied warranties are limited, to the extent allowed by law, to the time periods covered by the express written warranties contained in this booklet.

If you use your vehicle primarily for business or commercial purposes, then these implied warranties do not apply and FCA US completely disclaims them to the extent allowed by law. And the implied warranty of fitness for a particular purpose does not apply if your vehicle is used for racing, even if the vehicle is equipped for racing.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

1.1 Incidental And Consequential Damages Not Covered

Your warranties don't cover any incidental or consequential damages connected with your vehicle's failure, either while under warranty or afterward.

Examples of such damages include:

- Lost time;
- Inconvenience;
- The loss of the use of your vehicle;
- The cost of rental vehicles, gasoline, telephone, travel, or lodging;
- The loss of personal or commercial property; and
- The loss of revenue.

Some states don't allow incidental or consequential damages to be excluded or limited, so this exclusion may not apply to you.

2. What's Covered Under FCA US LLC's Warranties

2.1 Basic Limited Warranty

A. Who Is Covered?

You are covered by the Basic Limited Warranty if you are a purchaser for use of the vehicle.

B. What's Covered

The Basic Limited Warranty covers the cost of all parts and labor needed to repair any item on your vehicle when it left the manufacturing plant that is defective in material, workmanship or factory preparation. There is no list of covered parts since the only exception is tires. You pay nothing for these repairs covered by the Basic Limited Warranty. These warranty repairs or adjustments — including all parts and labor connected with them — will be made by an authorized FIAT dealer at no charge, using new or remanufactured parts.

C. Items Covered By Other Warranties

The following are covered by separate warranties offered by their makers. They are **not covered** by the Basic Limited Warranty:

- Tires; or
- Items added or changed after your vehicle left the manufacturing plant, such as accessories or protection products, or items changed because of customization.

Be sure you get a copy of any warranty that applies to these items from an authorized FIAT dealer, or from the maker of the product.

D. Towing Costs Are Covered Under Certain Circumstances

Roadside Assistance covers the cost of towing your vehicle to the nearest authorized FIAT dealer if your vehicle can't be driven because a covered part has failed. Roadside Assistance lasts for up to four years, with no mileage limit, calculated from the warranty start date. See Section 6.2 for information on how to get Roadside Assistance service in the United States and Canada.

E. When It Begins

The Basic Limited Warranty begins on either of the following dates, whichever is earlier:

- The date you take delivery of the vehicle; or
- The date when the vehicle was first put into service — for example, as a dealer “demo” or as a FCA US company vehicle.

F. When It Ends

The Basic Limited Warranty lasts for four years from the date it begins or for 50,000 miles on the odometer, whichever occurs first. But the following items are covered only for 12 months or for 12,000 miles on the odometer, whichever occurs first:

- Brakes (rotors, pads, linings, and drums);
- Wiper blades;
- Clutch discs or modular clutch assembly (as equipped);
- Windshield and rear window; and
- Wheel alignment and wheel balancing.

G. Registration And Operation Requirements

The Basic Limited Warranty covers your vehicle only if:

- It was built for sale in the U.S.;
- It's registered in the U.S.;
- It's driven mainly in the U.S. or Canada; and
- It's operated and maintained in the manner described in your Owner's Manual.

H. If Your Vehicle Leaves The United States (We Include U.S. Possessions And Territories As Part Of The United States For Warranty Purposes):

EXCEPT WHERE SPECIFICALLY REQUIRED BY LAW, THERE IS NO WARRANTY COVERAGE ON THIS VEHICLE IF IT IS SOLD IN OR REGISTERED IN COUNTRIES OTHER THAN THE UNITED STATES.

This policy does not apply to a vehicle that has received authorization for export from FCA US. Dealers may not give authorization for export. You should consult an authorized dealer to determine vehicle's warranty coverage if you have any questions.

This policy does not apply to a vehicle registered to U.S. government officials or military personnel on assignment outside of the United States.

2.2 Corrosion Warranty

A. Who Is Covered?

You are covered by the Basic Limited Warranty if you are a purchaser for use of the vehicle.

B. What's Covered

This warranty covers the cost of all parts and labor needed to repair or replace any body sheet metal panels that have been perforated by rust from the inside out. If a hole occurs because of something other than corrosion, this warranty does not apply. Cosmetic or surface corrosion — resulting, for example, from stone chips or scratches in the paint — is not covered. For more details on what isn't covered by this warranty, see 3.5.

C. How Long It Lasts

The Corrosion Warranty starts when your Basic Limited Warranty begins under 2.1 E.

This warranty has two time-and-mileage limits:

- For sheet metal panels, the limit is 36 months, with no mileage limit.
- For an outer-body sheet metal panel — one that is finish-painted and that someone can see when walking around the vehicle — the limits are five years or unlimited miles on the odometer, whichever occurs first.

D. What's Not Covered

Please note that while the standard Corrosion Limited Warranty applies to defects in material and/or workmanship, it does not cover the vehicle's matte finish appearance (if equipped).

Maintaining the matte finish appearance is solely the responsibility of the vehicle owner as described in your Owner's Information.

2.3 Restraint System Limited Warranty (Vehicle Sold And registered In The State Of Kansas Only)

For a vehicle sold and registered in the State of Kansas, seat belts and related seat belt components are warranted against defects in workmanship and materials for ten years, regardless of mileage. This warranty does not cover replacement of seat belts and related components required as the result of collision.

3. What's Not Covered

3.1 Modifications Not Covered

A. Some Modifications Don't Void The Warranties But Aren't Covered

Certain changes that you might make to your vehicle do not, by themselves, void the warranties described in this booklet. Examples of some of these changes are:

- Installing non-FCA US parts, components, or equipment (such as a non-FCA US radio or speed control); and
- Using special non-FCA US materials or additives.

But your warranties don't cover any part that was not on your vehicle when it left the manufacturing plant or is not certified for use on your vehicle. Nor do they cover the costs of any repairs or adjustments that might be caused or needed because of the installation or use of non-FCA US parts, components, equipment, materials, or additives.

Performance or racing parts are considered to be non-FCA US parts. Repairs or adjustments caused by their use are not covered under your warranties.

Examples of the types of alterations not covered are:

- Installing accessories — except for genuine FCA US / MOPAR accessories installed by an authorized FIAT dealer;

- Applying rustproofing or other protection products;
- Changing the vehicle configuration or dimensions, such as converting the vehicle into a limousine; or
- Using any refrigerant that FCA US has not approved.

B. Modifications That WILL Void Your Warranties

These actions will void your warranties:

- Disconnecting, tampering with, or altering the odometer will void your warranties, unless your repairing technician follows the legal requirements for repairing or replacing odometers; or
- Attaching any device that disconnects the odometer will also void your warranties.

3.2 Environmental Factors Not Covered

Your warranties don't cover damage caused by environmental factors such as airborne fallout, bird droppings, insect damage, chemicals, tree sap, salt, ocean spray, acid rain, and road hazards. Nor do your warranties cover damage caused by hailstorms, windstorms, tornadoes, sandstorms, lightning, floods, and earthquakes.

Your warranties do not cover conditions resulting from anything impacting the vehicle. This includes cracks and chips in glass, scratches and chips in painted surfaces, or damage from collision.

3.3 Maintenance Costs Not Covered

Your warranties don't cover the costs of repairing damage caused by poor or improper maintenance. Nor do they cover damage caused by the use of contaminated fuels, or by the use of fuels, oils, lubricants, cleaners or fluids other than those recommended in your Owner's Manual.

The warranties don't cover the costs of your vehicle's normal or scheduled maintenance — the parts and services that all vehicles routinely need. Some of these parts and services, which your warranties don't cover, include:

- Lubrication;
- Engine Tune-Ups;
- Replacing Filters, Coolant, Spark Plugs, Bulbs, or Fuses (unless those costs result from a covered repair);
- Cleaning and Polishing; and
- Replacing Worn Wiper Blades, Worn Brake Pads And Linings, or Clutch Linings.

3.4 Racing Not Covered

Your warranties don't cover the costs of repairing damage or conditions caused by racing, nor do they cover the repair of any defects that are found as the result of participating in a racing event.

3.5 Certain Kinds Of Corrosion Not Covered

Your warranties don't cover the following:

- Corrosion caused by accident, damage, abuse, or vehicle alteration;
- Surface corrosion caused by such things as industrial fallout, sand, salt, hail, ocean spray, and stones;
- Corrosion caused by the extensive or abnormal transport of caustic materials like chemicals, acids, and fertilizers; and
- Corrosion of special bodies, body conversions, or equipment that was not on your vehicle when it left the manufacturing plant or was not supplied by FCA US.

3.6 Other Exclusions

Your warranties don't cover the costs of repairing damage or conditions caused by any of the following:

- Fire or accident;
- Abuse or negligence;
- Misuse — for example, driving over curbs or overloading;
- Tampering with the emission systems, or with a part that could affect the emission systems;
- Use of used parts, even if they were originally supplied by FCA US (however, authorized FCA US / MOPAR remanufactured parts are covered);
- Windshield or rear window damage from external objects;
- Any changes made to your vehicle that don't comply with FCA US; or
- Using any fluid that doesn't meet the minimum recommendations in your Owner's Manual.

3.7 Total Loss, Salvage, Junk, Or Scrap Vehicles Not Covered

A vehicle has no warranty coverage of any kind if:

- The vehicle is declared to be a total loss by an insurance company;
- The vehicle is rebuilt after being declared to be a total loss by an insurance company; or
- The vehicle is issued a certificate of title indicating that it is designated as "salvage," "junk," "rebuilt," "scrap," or some similar word.

FCA US will deny warranty coverage without notice if it learns that a vehicle is ineligible for coverage for any of these reasons.

3.8 Restricted Warranty

Your warranties can also be restricted by FCA US. FCA US may restrict the warranty on your vehicle if the vehicle is not properly maintained, or if the vehicle is abused or neglected, and the abuse or neglect interferes with the proper functioning of the vehicle. If the warranty is restricted, coverage may be denied or subject to approval by FCA US before covered repairs are performed.

4. Other Terms Of Your Warranties

4.1 Exchanged Parts May Be Used In Warranty Repairs

In the interest of customer satisfaction, FCA US may offer exchange service on some vehicle parts. This service is intended to reduce the amount of time your vehicle is not available for your use because of repairs. Parts used in exchange service may be new, remanufactured, reconditioned, or repaired, depending on the part involved.

All exchange parts that might be used meet FCA US standards, and have the same warranties as new parts.

Examples of the kinds of parts that might be serviced in this way are:

- Engine Assemblies;
- Transmission Assemblies;
- Instrument Cluster Assemblies;
- Radios, CD and DVD Players;
- Speedometers; and
- Powertrain Control Modules.

To help control suspected ozone-depleting agents, the EPA requires the capture, purification, and reuse of automotive air-conditioning refrigerant gases. As a result, a repair to the sealed portion of your air-conditioning system may involve the installation of purified reclaimed refrigerant.

4.2 Pre-Delivery Service

A defect in or damage to the mechanical, electrical, sheet-metal, paint, trim, and other components of your vehicle may have occurred at the factory or while it was being shipped to an authorized FIAT dealer.

Such a defect or damage is usually detected and corrected at the factory. In addition, an authorized FIAT dealer must inspect each vehicle before delivery. They repair any defects or damage detected before the vehicle is delivered to you.

4.3 Production Changes

Changes may be made in vehicles sold by FCA US and its authorized FIAT dealers at any time without incurring any obligation to make the same or similar changes on vehicles previously built or sold.

5. Emission Warranties Required By Law

5.1 Federal Emission Warranty

A. Parts Covered For 2 Years Or 24,000 Miles

Federal law requires FCA US to warrant the following emissions parts for 2 years or 24,000 miles, whichever occurs first. FCA US covers all of these parts under the Basic Limited Warranty for 4 years or 50,000 miles, whichever occurs first.

- Air System Controls;
- Electronic Fuel Injection System (including injector);
- Evaporative-Emission Canister and Controls;
- Exhaust Manifold;
- Exhaust Gas Recirculation Valve and Control System;
- Exhaust Pipes (between exhaust manifold and catalyst);
- Fuel Cap and Tank Assembly, Pump, and Fuel Lines;
- Ignition System;
- Intake Manifold;
- On-Board Diagnostic-System Components;

- Oxygen Sensors;
- Positive Crankcase-Ventilation (PCV) Valve or Orifice;
- Secondary Ignition Wires;
- Spark Plugs;
- Throttle Body;
- Transmission Control Module;
- Vacuum Hoses, Clamps, And Fittings (as well as tubing used for these components);
- Vacuum, Temperature, Altitude, Speed, Time-Sensitive Valves, Sensors, And Switches (used in these components and systems.)

B. Parts Covered For 8 years Or 80,000 Miles

If your vehicle has one of the following parts, this Federal Emission Warranty covers that part for a period of 8 years or 80,000 miles, whichever occurs first, calculated from the start of the Basic Limited Warranty as set forth in Section 2.1 E. The covered parts are:

- Catalytic Converter; and
- Powertrain Control Module.

5.2 Emission Performance Warranty

This warranty supplements the federal warranty under 5.1. It lasts for two years or 24,000 miles on the odometer, whichever occurs first. If your vehicle has one of the following parts, catalytic converter and powertrain control module, this Federal Emission Warranty covers that part for a period of eight years or 80,000 miles, whichever occurs first. These limits are counted from the time when your Basic Limited Warranty begins under 2.1 E. The Emission Performance Warranty covers the cost of repairing or adjusting any components or parts that might be needed for your vehicle to pass Federal Emission Standards for a federally approved state or local emissions test, but only if:

- Your vehicle has failed a federally approved state or local emissions test;
- Your vehicle has been maintained and operated properly up until it fails such a test; and
- You face a real penalty — for example, a fine or the loss of the use of your vehicle — because the vehicle has failed the test.

Section 6.4 explains how to get service under this warranty.

6. How To Get Warranty Service

6.1 Where To Take Your Vehicle

A. In The United States (We Include U.S. Possessions And Territories As Part Of The United States For Warranty Purposes):

Warranty service must be done by an authorized FIAT dealer. We strongly recommend that you take your vehicle to your selling authorized FIAT dealer. They know you and your vehicle best, and are most concerned that you get prompt and high quality service. If you move within the United States, warranty service may be requested from any authorized FIAT dealer.

B. In Canada And Mexico:

If you are traveling temporarily in Canada or Mexico, and your vehicle remains registered in the United States, your FCA US warranty still applies. Service may be requested at any authorized FIAT dealer.

C. In A Foreign Country Outside Of North America:

If you are traveling temporarily outside of North America, and your vehicle remains registered in the United States:

- You should take your vehicle to an authorized FIAT dealer. They should give you the same warranty service you receive in the United States.

- If an authorized FIAT dealer charges you for repairs which you feel should be covered under your warranty, please get a detailed receipt for the work done. Make sure that this receipt lists all warranty repairs and parts that were involved. (This receipt will be similar to the one used by an authorized FIAT dealer who normally services your vehicle.)
- When your vehicle returns to the United States, contact the FCA US Customer Assistance Center section 7.2 for reimbursement consideration. You will normally need to provide a copy of the receipt, your vehicle registration and any other relevant documents.
- Reimbursement will not be considered if the vehicle does not return to the United States.

D. If You Move:

If you move to another country, be sure to contact the FCA US Customer Assistance Center section 7.2 and the customs department of the destination country before you move. Vehicle importation rules vary considerably from country to country. You may be required to present documentation of your move to FCA US in order to continue your warranty coverage. You may also be required to obtain documentation from FCA US in order to register your vehicle in your new country.

E. Notice:

If your vehicle is registered outside of the United States, and you have not followed the procedure set out above, your vehicle will no longer be eligible for warranty coverage of any kind. (Vehicles registered to United States government officials or military personnel on assignment outside of the U.S. will continue to be covered.)

6.2 How To Get Roadside Assistance Service - U.S. Or Canada Only *

A. Who Is Covered:

You are covered by the Roadside Assistance services if you are a purchaser for use of the vehicle. The Roadside Assistance services lasts for four years, regardless of mileage, calculated from the start date of the Basic Limited Warranty, as set forth in Section 2.1 E.

B. What To Do:

If your vehicle requires jump start assistance, out of gas/fuel delivery, tire service, lockout service or towing due to a defect covered under the Basic Limited Warranty, call 888-242-6342 for assistance.

Provide your name, vehicle identification number, license plate number, and your location, including the telephone number from which you are calling. Briefly describe the nature of the problem and answer a few simple questions.

You will be given the name of the service provider and an estimated time of arrival. If you feel you are in an "unsafe situation", please let us know. With your consent, we will contact local police or safety authorities.

C. Covered Services:

Flat Tire Service If you are inconvenienced by a flat tire, we will dispatch a service provider to use your vehicle's Tire Service Kit to seal small punctures up to 1/4" in the tire tread or your vehicle's temporary spare as recommended in your Owner's Manual. This is not a permanent flat tire repair.

Out of Gas/Fuel Delivery Drivers can't always count on a gas station being nearby - especially when traveling away from home. We will dispatch a service provider to deliver a small amount of fuel (maximum 2 gallons) to get you to a nearby station.

* Roadside assistance services provided through Cross Country Motor Club, Inc., Medford, MA 02155, except in AK, CA, HI, OR, WI, and WY, where services are provided by Cross Country Motor Club of California, Inc., Medford, MA 02155.

Battery Jump Assistance No time is a good time for a dead battery, but with Roadside Assistance, you don't have to worry about being stranded. We will dispatch a service provider to provide you with a battery jump anytime, day or night.

Lockout Service Whether the keys are locked in your vehicle or frozen locks are keeping you from getting on your way, Roadside Assistance can assist you. This service is limited to providing access to the vehicle's seating area. It does not cover the cost of replacement keys.

Towing Service Our towing service gives you peace of mind and confidence. If your vehicle becomes disabled as a result of a mechanical breakdown, Roadside Assistance will dispatch towing service to transport your vehicle to the closest authorized FIAT dealer.

D. If Unable To Contact Roadside Assistance:

If you are unable to contact Roadside Assistance and you obtain towing services on your own, you may submit your original receipts from the licensed towing or service facility, for services rendered within 30 days of the occurrence. Be sure to include your vehicle identification number, odometer mileage at the time of service and current mailing address. We will process the claim based on vehicle and service eligibility. If eligible, we will reimburse you for the reasonable amounts you actually paid, based on the usual and customary charges for that service in the area where they were provided. FCA US's determination relating to reimbursement are final. Correspondence should be mailed to:

FCA US Towing Assistance
P.O. Box 9145
Medford, MA 02155
Attention: Claims Department

6.3 Emergency Warranty Repairs

If you have an emergency and have to get a warranty repair made by someone other than an authorized FIAT dealer, follow the reimbursement procedure in 6.1 C.

6.4 Getting Service Under The Federal Emission Warranties

A. What To Do

If your vehicle has failed an emissions test described in 5.2:

- Take it to an authorized FIAT dealer as soon as possible.
- Give the service representative the printout showing that your vehicle failed the test.
- If possible, bring all service receipts, maintenance logs, and records proving that your vehicle has been properly maintained, since you may be required to show them.

B. Further Steps You Can Take, And How To Get More Information

If you think an authorized FIAT dealer has wrongly denied you emission-warranty coverage, follow the steps described in 7.1. FCA US will reply to you in writing within 30 days after receiving your complaint (or within the time limit required by local or state law). If the owner is not notified within 30 days that a performance warranty claim is denied, the manufacturer must repair the vehicle free of charge.

If you want more information about getting service under the Federal Emission Warranty or the Performance Warranty, or if you want to report what you think is a violation of these warranties, you can contact:

Manager, Certification and Compliance
Division Warranty Claims
Environmental Protection Agency
1200 Pennsylvania Avenue, NW
Mail Code 6403J
Washington, D. C. 20460

7. How To Deal With Warranty Problems

7.1 Steps To Take

A. In General

Normally, warranty problems can be resolved by an authorized FIAT dealer. That's why you should always talk to your authorized FIAT dealer service manager or an authorized FIAT dealer sales manager first. But if you're not satisfied with an authorized FIAT dealer's response to your problem, FCA US recommends that you do the following:

Step 1:

Discuss your problem with the owner or general manager of an authorized FIAT dealer.

Step 2:

If an authorized FIAT dealer still can't resolve the problem, contact the FCA US Customer Assistance Center. You'll find the address in section 7.2.

B. What FCA US Will Do

Once you have followed the two steps described in 7.1 A, a FCA US representative at FCA US headquarters will review your situation. If it's something that FCA US can help you with, FCA US will provide an authorized FIAT dealer with all the information and assistance necessary to resolve the problem. Even if FCA US can't help you, FCA US will acknowledge your contact and explain FCA US's position.

C. If Your Problem Still Isn't Resolved For Customers Residing In Arkansas, Idaho, Kentucky, Minnesota And Montana ONLY:

If you can't resolve your warranty problem after following the two steps described in 7.1 A, and you live in Arkansas, Idaho, Kentucky, Minnesota or Montana ONLY, you can contact the FCA US LLC Customer Arbitration Process in your area.

You may obtain a brochure describing FCA US LLC's Customer Arbitration Process, including an application, by calling 888-242-6342 for assistance.

This service is strictly voluntary, and you may submit your dispute directly to the Customer Arbitration Process (CAP) at no cost. The CAP is administered by an independent dispute settlement organization and may be contacted in writing at the following address:

National Center for Dispute Settlement

FCA US LLC
P.O. Box 727
Mt. Clemens, MI 48046

The CAP reviews only vehicle disputes involving FCA US LLC ("FCA US") Limited Warranty or a FCA US / Mopar Part Limited Warranty. The CAP does not review disputes involving the sale of a new or used vehicle, personal injury/property damage claims, disputes relating to design of the vehicle or part, or disputes which are already the subject of litigation.

The CAP will need the following information from you:

1. Legible copies of all documents and repair orders relevant to your case,
2. Vehicle identification number of your vehicle,
3. A brief description of your unresolved concern,

4. The identity of an authorized FIAT dealer,
5. The date(s) of repair(s) and mileage at the time,
6. Current mileage, and
7. A description of the action you expect to resolve your concern.

Upon receipt of your request:

- The National Center for Dispute Settlement (NCDS) will acknowledge receipt of your request, by mail, within ten days, and advise you whether or not your dispute is within the jurisdiction of the Process.
- When your request is within jurisdiction NCDS will request FCA US and the authorized FIAT dealer to present their side of the dispute. You will receive copies of their responses.
- While your dispute is pending NCDS or FCA US may contact you to see if your case can be settled by agreement. If a settlement is offered to you, FCA US will ask you to sign a form that contains that settlement. Your case will then be closed. There is no requirement for you to participate in this settlement process.

- If you requested an oral hearing, a decision-maker will contact you to arrange a convenient time and place for a hearing. Usually, this will be at an authorized FIAT dealer near you.
- If you request a documents-only review, an NCDS panel will review and decide your case. Neither you, the authorized FIAT dealer nor FCA US need be present.
- NCDS will send you a written Statement of Decision. This statement will include the decision, any action to be taken by an authorized FIAT dealer or FCA US and the time by which the action must be taken. The decision will be binding on the authorized FIAT dealer and FCA US but not on you unless you accept the decision.
- If any action is required on the part of the servicing authorized FIAT dealer or FCA US you will be contacted within ten days after the date by which the authorized FIAT dealer or FCA US must act to determine whether performance has been rendered.

- The entire dispute settlement process will normally take no longer than 40 days.
- The CAP dispute settlement procedure does not take the place of any state or Federal legal remedies available to you. Whether or not you decide to submit your dispute to the Process, you are free to pursue other legal remedies.

D. Notice Under State Lemon Laws

Some states have laws allowing you to get a replacement vehicle or a refund of the vehicle's purchase price under certain circumstances. These laws vary from state to state. If your state law allows, FCA US requires that you first notify us in writing of any service difficulty that you may have experienced so that we can have a chance to make any needed repairs before you are eligible for remedies provided by these laws. In all other states, we ask that you give us written notice of any service difficulty. Send your written notice to the FCA US Customer Assistance Center at the address in 7.2.

7.2 Helpful Addresses And Telephone Numbers

Here are the addresses and telephone numbers of the FCA US Customer Assistance Center that can help you wherever you happen to be. Contact the one that covers your area:

- **In United States:**

- **FCA US Customer Assistance Center**

- P.O. Box 21-8004

- Auburn Hills, Michigan 48321-8004

- Phone: 888-242-6342

- **To contact FCA US by email,**

- simply access the following website:

- www.fiatusa.com

- (click on the "Contact Us" button)

- **In Canada:**

- **FCA Canada Inc.**

- **Customer Service**

- Chrysler Centre

- P.O. Box 1621

- Windsor, Ontario N9A-4H6

- Phone: 800-465-2001

- **In Mexico:**

- **Customer Relations Office**

- Prolongación Paseo de la Reforma 1240

- Santa Fe, Cuajimalpa CP 05348

- Ciudad de México

- Phone (in Mexico): 800-505-1300

- Phone (outside Mexico): +52 55 50817568

- **In Puerto Rico and U.S. Virgin Islands:**

- **Customer Service**

- FCA Carribbean LLC

- Box 191857

- San Juan, Puerto Rico 00919-1857

- Phone: 888-242-6342

- Fax: (787) 782-3345

8. Optional Service Contract

Mopar Vehicle Protection plans offer valuable protection against repair costs when these warranties no longer apply. They complement but don't replace the warranty coverages outlined in this booklet. A variety of plans are available, covering various time-and-mileage periods and various groups of the vehicle's mechanical components.

Mopar Vehicle Protection plans are the ONLY vehicle extended protection plans authorized, endorsed and backed by FCA US LLC to provide additional protection beyond your vehicle's warranty. Look for our Brand logo and ask an authorized FIAT dealer for details.

9. Maintenance

9.1 General Information

It's your responsibility to properly maintain and operate your new vehicle. Follow the instructions contained in the General and Scheduled Maintenance Service guidelines in your Owner's Manual. Regular, scheduled maintenance is essential to trouble-free operation. If there is a dispute between you and FCA US concerning the maintenance of your vehicle, FCA US will require you to provide proof that your vehicle was properly maintained.

For your convenience, FCA US has prepared a Maintenance Schedule with routine service intervals which is included in your Owner's Manual. It's essential to follow these required maintenance intervals for safe trouble-free operation.

9.2 Where To Go For Maintenance

FCA US recommends that you return to the authorized FIAT dealer from whom you bought your vehicle for all maintenance service both during and after the warranty periods. Although you can get warranty service from any authorized FIAT dealer who sells your particular make, returning to your selling authorized FIAT dealer will help ensure that all your service needs are met and that you're completely satisfied. Authorized FIAT dealer technicians are specifically trained to proficiently perform maintenance and repair procedures on your vehicle.

Authorized FIAT dealer's will help ensure that all your service needs are met and that you're completely satisfied. FCA US strongly recommends you use genuine FCA US/MOPAR parts to maintain your vehicle.

INSTALLATION OF RADIO TRANSMITTING EQUIPMENT

Special design considerations are incorporated into this vehicle's electronic system to provide immunity to radio frequency signals. Mobile two-way radios and telephone equipment must be installed properly by trained personnel. The following must be observed during installation.

The positive power connection should be made directly to the battery and fused as close to the battery as possible. The negative power connection should be made to body sheet metal adjacent to the negative battery connection. This connection should not be fused.

Antennas for two-way radios should be mounted on the roof or the rear area of the vehicle. Care should be used in mounting antennas with magnet bases. Magnets may affect the accuracy or operation of the compass on vehicles so equipped.

The antenna cable should be as short as practical and routed away from the vehicle wiring when possible. Use only fully shielded coaxial cable.

Carefully match the antenna and cable to the radio to ensure a low Standing Wave Ratio (SWR).

Mobile radio equipment with output power greater than normal may require special precautions.

All installations should be checked for possible interference between the communications equipment and the vehicle's electronic systems.

WARNING:

Operating, servicing and maintaining a passenger vehicle or off-road highway motor vehicle can expose you to chemicals including engine exhaust, carbon monoxide, phthalates, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. To minimize exposure, avoid breathing exhaust, do not idle the engine except as necessary, service your vehicle in a well-ventilated area and wear gloves or wash your hands frequently when servicing your vehicle. For more information go to www.P65Warnings.ca.gov/passenger-vehicle.
